# 24/7 Home Security Monitoring

for around

**\$1**  
a day

## Home and Business Security Systems

A monitored security system from SecureNet Alarm Systems will defend your home or business with a multi-layered security blanket. On-site signage, alarms, and sirens provide an effective criminal deterrent while continuous communication with our UL-listed Central Monitoring and Emergency Dispatch Station protects you 24/7.

BURGLARY /  
HOME INVASION

### Burglar Alarm Monitoring

- State-of-the-art UL-listed monitoring and dispatch center
- Response in seconds, not minutes
- Phones answered 24/7 by knowledgeable professionals, not machines
- Customizable to fit your unique needs
- No phone line needed with optional secured monitoring
